Linphone Mobile - Users Guide

Overview

This guide will assume you already have Linphone 4.0 installed and can launch it successfully.

Making a Call

1) Start by tapping the box at the top of the application. We call this the 'Dial' box.

image.png

- Type the contact number you are calling.

- **Or** if you already have a contact in your list, tap the contact's name.

Finally: tap the call button located in the middle of the three button to start dialing.

image.png

Here is what a connected call looks like.

image.png

To end your call: Press the middle 'hangup' button at the bottom right corner.

image.png

Number-Pad

image.png

From here you can enter the number to be called.

image.png

Receiving a Call

When receiving a call you will see a notification at the bottom right hand side of the screen. Press the middle button to the accept the call.

image.png

Or click the right-most button to reject the call.

image.png

Conference Calls

Below are a couple examples for initiating a conference call.

While on a Call

If you are already on a call press the right hand button under the 'Calls' section.

image.png

From here you can select or type the contacts/numbers you are wanting to invite to join.

For Example: Co-worker at extension 5515 needs to join this call.

image.png

When done entering the number to be called, click 'start',

- The number dialed will now ring.

- Once the dialed party picks up, they will be on the call with you AND the original party that was on the line.

image.png

Starting a Conference Call

From scratch:

If there are no calls in progress, click the conference icon on the top right as shown here.

image.png

- Select contacts from the list or type in extensions/phone numbers to call.

- When done, click 'start',

- All parties who answer the call will be joined into the conference.

image.png

Transferring Calls

Currently the only option is a 'blind transfer'.

- When a transfer completes, the call will disconnect, and the original party will now be talking to whom it was transferred to

image.png

Start by clicking 'Triple Bar' button on the right hand side under 'Calls'.

- A menu will be appear beside it. Use the **TRANSFER CALL** option.

- From here you can find the contact you wish them to transfer to.

- Or, enter the extension or phone number of the intended transfer

- Upon clicking the 'Transfer Arrow', your call will disconnect and will be sent to the new party.
