

# Departments

On the Departments screen, you can associate **Users** with **Departments**. On other screens, you can quickly add all **Users** in a **Department** to a list, making updating permissions much faster, especially for large **Departments**.

- [Adding a New Department](#)
- [Department Hierarchy](#)
- [Deleting a Department](#)

## Adding a New Department

- 1) Start by navigating to the **Departments** screen from the **Navigation Panel**.
- 2) Click the **New Department** button and enter a name for the department.
- 3) If you are creating a **Department** under another **Department**, effectively creating a **Department Hierarchy**) select one from the drop-down under **Department Parent Name**.
- 4) When you are finished, click **Save New Department**. After you click save you will see a message stating **Changes Saved**.

[image.png](#) and or type unknown

## Department Hierarchy

As stated above you can have **Departments** within **Departments**.

- 1) Start by navigating to the **Departments** screen via the **Navigation Panel**.
- 2) Create a new department, following the steps above, then click the drop-down menu labeled **Department Parent Name**, and select a **Department** to place the department under.

## Deleting a Department

1) Navigate to the **Departments** screen via the **Navigation Panel**.

2) Find the **Department** you want to delete and click the red **X** in the **Delete** column. A confirmation pop-up will appear confirming your selection. If you wish to delete, click **OK**. You will see a message stating **Changes Saved**, if this is not the entry to wish to delete click **Cancel**.

Note: To remove a **Department**, you will also need to delete any users assigned to the department or reassign the **Users** department to another department.

3) If you see an error such as the one below when attempting to remove a **Department** this means that there is still a **User** that is associated with a **Department**. To remove a **Department**, you will also need to delete any users assigned to the department or reassign the **Users** department to another department.
